CLIENT TESTIMONIALS

"I first met Kelly at my first reading I booked with her some years ago. I was nervous, to say the least, but the moment I saw her and her beautiful smile, I felt like I was just sitting down to chat with a good friend. Kelly is very friendly, compassionate and really listens to you. Her messages, from spirit and loved ones are amazing and spot on. Once you have a reading with Kelly, you won't want to have a reading anywhere else. After my first reading and finding out Kelly also taught many wonderful classes, I became one of her students. I could go on all day about the great things I learned and the jaw dropping fantastic things that I experienced during my classes, but you should experience them with her for yourself! I will always be grateful that my path crossed with Kelly's, and you will too."

- Fondly, Eileen L.

"I enjoy readings with Kelly so much, I get so much out of them, reassurance, guidance, hope, laughter and sometimes tears. I also took a workshop with Kelly that helped develop skills to manage anxiety and stress. I am so grateful for Kelly and the work she is doing and the guidance she has provided me."

- Michael M.

"I have had many readings from Kelly, and have taken her classes. Kelly is an amazing teacher. Her attention to detail, fairness and kindness is evident in everything she does."

- Maria G

"I am honored to be a student and customer of Kelly's. I have been working with Kelly for over 5 years. Kelly is professional, supportive, a great listener and goes out of her way to meet and exceed your expectations. I look forward to every Reiki session and have been enriched by her talents and knowledge. Kelly has a keen ability to ask the right questions and how to address them in a meaningful way. I would highly recommend Kelly to anyone."

-- Laurie C.

“My spiritual journey started with Kelly 9 years ago. I started with her weekend mediumship classes. I have taken several different workshops and classes over the course of the years. I also completed Reiki classes with Kelly and became a Reiki Master in 2014. Kelly provides a secure, safe, and supportive environment for her students. Kelly has assisted me in fostering my relationship with spirit. I am truly fortunate and grateful that I have the opportunity to work with Kelly. I look forward to a future of learning and growing from Kelly.”

-- Cristina S.

“I have had the pleasure of learning from and receiving amazing messages and readings from Kelly. She's such a bright light. Her energy and desire to connect us to ourselves and loved ones is absolutely authentic. My initial introduction to Kelly was part of a message circle. I was so impressed with her clarity and attention to detail. I also recall feeling quite emotional hearing messages for others in the circle. That experience compelled me to take a beginner mediumship course afterwards. I have also received private readings, attended workshops, and submitted "2 Burning Questions". Kelly's passion and knowledge of the spirit world and their desire to communicate with us is palpable. She is warm, direct, and articulates multiple feelings/ energies as she's conveying the information she is receiving. As a teacher, she is encouraging, patient, and is full of fun examples as to how spirit has taught her about our worlds and how we can receive signs and messages ourselves. It feels like talking to your friend over coffee during a reading. Although she has no idea what questions I will bring to my reading, she always seems to hit on the information I came to get some clarity on. She is approachable, genuine, and cares about her clients and their loved ones. See for yourself. Get a reading. Kelly is the real deal! “

-- K. Kenney

“I have worked with Kelly with her as a coach and as a medium for the last 3 years. I have also gifted friends and family members sessions with her because of her beautiful, authentic nature and work. Every time I am with Kelly, I leave with more insight, more peace and more love in my heart. She truly can connect not only people on the other side, but people's energies here and help you tap into the deepest and most love filled part of yourself. I really can't recommend Kelly enough. She is warm, honest, very gifted, loving and has a way of tapping in and giving

information that feels like YOU are deeply connecting as well. I think ANYONE that would work with Kelly would leave with a priceless gift. Anyone I have gifted a session with her to has thanked me profusely and I intend to give a lot more and to work with Kelly for a very long time to come. I am so deeply grateful for Kelly and her wisdom and gifts in my life.”

-- Jenny Mannion

“Kelly has truly been a blessing to myself, friends and family for years. Upon entering her office, I immediately feel a sense of peace, guidance and light. She has a positive energy that is immediately felt. Her guidance has helped myself and family feel calm and confidence to move forward. Her guidance comes from an energy that you might not understand at the time, but quickly falls into place. I always write notes and I am amazed how whatever Kelly states makes sense in time. I am forever thankful that our paths crossed in life and truly value every time we have an appointment. Forever thankful!!”

-- Andrea C.

“I have been a client of Kelly’s for well over 11 years which started with private readings and message circles. The comfort and peace of the messages Kelly delivers during readings is nothing short of amazing. For the last two years, I have been a student of hers, having taken many workshops and classes, including Reiki and Mediumship Development. I could not have asked for a better mentor to help guide me through becoming a Reiki Practitioner and strengthening my mediumship abilities. She is patient, kind, compassionate, motivating, encouraging and so supportive in helping her students and clients. The personal growth I have achieved and continue to experience within this realm is 100 percent contributable to Kelly, as without her help, I would never have recognized the abilities I have within me.”

-- Carole G.

“Kelly is awesome to say the least! I first met her through a reading and she is as legit as it comes! She is very accurate and does not do any cold readings as others may do. I then started working with Kelly as a business coach and she helped me find direction for my business! She is amazing at what she does and gives sound advice. Kelly will also go the extra mile for you if you need help and she does it out of the kindness of her heart. I am now working on getting trained in Reiki and she is helping me develop in my mediumship as well. You don’t have to go in the

field of being a medium to develop your skills and can implement them into any profession. I recommend Kelly to all of my friends and family who are open as well. She is just great to work with and I feel so grateful to have met her.”
